

Michael (Mike) Mozolik's background is in the Operations, Planning and Production Support functions of several manufacturing companies during the 35 year span of his career. With his most current position at Raytheon Missile Systems Mike is engaged daily with ensuring the production / facility environment is reliably operating at a level consistent to meet all Customer schedules and deliveries.

Previously Mike held similar positions as a Maintenance Manager; Delco Electronics in Oak Creek, WI and a Maintenance Planner/Controller; Miller Brewing in Milwaukee, WI. His background has been enriched by engagements with high performance cross-functional work teams (including Engineers, Management and Production Operators), OSHA safety requirements, SPC, JIT, Lean, Kaizen, CMMS (Maximo & SAP) and ISO audits.

Mike holds a double major BA; Liberal Arts, Management & Communication.
