

**Lowell Ebert** is the Commercial Security Consultant for Safeguard Security and Communications. Lowell has worked in the industry for over 41 years starting out as a private police officer in Wisconsin. Lowell has experience with military and defense applications, and designed and installed the first integrated security and access control system for the Top Gun training facilities at NAS Miramar. In his career, Lowell has held positions within the sales department, operations, and received a promotion to management. His expertise includes guard and patrol operations, electronic security applications, and fire and life safety systems.
