

Bob Dytko

Vice President of Bob Dytko, VP. Social Media/Marketing Education Liaison

Born and raised in Tucson, Bob Dytko has seen this area grow from a small town into the wonderful and vibrant city it is today. His experiences give him a unique and intimate knowledge of Tucson that he enjoys sharing with anyone who will listen. Bob's class on Pima County Growth is a perfect example. He has been teaching this class for over 15 years. He takes great pride in keeping his subject matter current, through constant research and just plain listening to what is going on around us every day. He presents his information in a clear, concise and orderly manner, making it easy for you to share it with your clients.

Despite the enthusiasm Bob shows for his vocation, the most important things in his life are family, no matter if it's his little girl, his extended family, his friends of his crazy puppy the evil Batman. He enjoys the cowboy way of life and still loves bull riding, although he recently hung up his bull rope and chaps. Bob also enjoys volleyball, softball, country music, dancing, golfing and spending time at the lake with friends, family and clients.

Bob's constant goal is to create value through teaching with sales agents, brokers, developers, lenders, investors and anyone in the real estate industry striving to be more successful
